What to expect...

The **Lead to Succeed** programme is designed for aspiring managers and deputies working in adult social care services.

It helps learners develop their leadership and management potential, gain confidence, and put practical strategies into action. Unlike formal qualifications, this programme promotes shared learning by connecting participants with peers, creating a supportive environment for reflection and growth.

By the end of the course, learners will understand how positive behaviours and effective leadership strategies can support them in their day-to-day role — boosting their capacity to lead and manage successfully.

Learners will receive a **Connect2Care Certificate of Attendance** upon completion.

What will you learn?

The programme is delivered across five interactive modules, covering:

1	Successful behaviours for leaders and managers
2	Developing a positive workplace culture
3	Effective supervision
4	Leading and managing change
5	Preparing for and managing the inspection process
